

The Secret Garden Spa Treatment Menu

Relax and unwind in this beautiful, unique garden setting, where you'll find tranquility allowing you to reset from daily life and settles you into a calm and uplifted sense of self.

We invite our hotel residents and those on a half spa day to enjoy gentle swim in the 12-metre pool where you can indulge in some hydrotherapy through the variety of jets as you enjoy the views. Rainfall showers, a salt steam room, choice of saunas and soothing foot baths give you a thermal suite to soften and cleanse. The sunken, outdoor hot tub is an experience not to be missed.

We encourage you to replenish and restore your body and mind throughout your experience with us. As the unique person that you are, we will customise each treatment to suit you on the day.

Our desire is to make you feel welcome, comfortable, and relaxed during your time in the Secret Garden Spa. We know your time is precious and we are honored that you are spending it with us.
